

C.R.D

Chrome Roller Desensitizer

C.R.D (Chrome Roller Desensitizer) will keep ink from building up on chrome metering and dampening rollers. Using a blend of micro filtered gum and desensitizers is what makes C.R.D can effective, long lasting treatment for all dampening / metering rollers. Used on a regular basis C.R.D will minimize ink build up and maintain a highly water receptive film at the roller surface.

- Easy to apply and long lasting
- Keeps metal rollers water attractive
- Keeps ink from building back up on metering roller

Direction For Use:

Clean built-up ink off metering roller, pour C.R.D onto a clean sponge or shop towel, wipe metering roller with a side-to-side motion until entire roller has been treated. Treat all dampening rollers in the same manner.

Specifications:

VOC content lb. / gallon	1.6
VOC content grams / liter	0
Flashpoint	Non-Flammable
Color	Tan
CA. Compliant	Yes

Available In:

Product Code	Unit	Case Qty.
10610C	1 Quart (0.946 ltr)	6

VOC COMPLIANT Air Quality Management District Compliant
