

## Aids

# Isopropyl Alcohol

## Lithographic Alcohol

Isopropyl Alcohol 99% is a high-purity, fast-evaporating solvent widely used in the printing industry for press maintenance, ink management, and surface cleaning. Its low residue and excellent solvency make it ideal for both sheet-fed and web printing operations.

### Use to Remove:

- Press and blanket cleaning
- Plate cleaning and preparation
- Ink residue removal
- Rollers and anilox cleaning
- Fountain solution blending (as applicable)
- General equipment degreasing

**Directions of Use:** Use Isopropyl Alcohol 99% in well-ventilated areas only. Do not dilute unless required by the specific application. Always test on a small, inconspicuous area before full use

## Specifications

VOC Content lb / gallon	6.6
VOC Content grams / liter	790
Flashpoint	None
Color	Colorless
CA Compliant	No

## Available In

Product #	Size	Case Quantity
